*Dear Andy,*

My thoughts are with you and all the people in Manchester on this day of grief and pain. Your city has suffered a terrible tragedy and I am deeply saddened and dismayed by this senseless act of violence.

Let me assure you that the City of Stockholm stands firmly behind you in our joint effort to continue to defend our cities as safe, open and democratic arenas for all our residents and visitors.

Please let me convey my deepest sympathies to you and to those who have lost loved ones or have been injured and traumatised in this terrible deed.

Yours Sincerely,

Karin Wanngård  
Mayor of Stockholm
